

April is Child Abuse Prevention Month

Each year, the Adams County Children's Advocacy Center serves at minimum, 200 children and their families. Our goal this year is to have 200 garden flags planted across our community – one for each child.

As we join with CACs, other child-servicing organizations and government agencies across the state and country to recognize Child Abuse Prevention Month, we ask you to join us in supporting child victims in Adams County.

Please join us in our vision of a community where children are safe and families are strong.
